## SHELL SHIPMENTS RESUMED.

## Thousands of Bushels Go to Alexandria Plant for Poultry Food.

The transfer of oyster shells from the 11th street wharf to the grinding plant at Alexandria has been resumed with the opening of the shucking houses at the wharf market and the accumulation of shells on the wharf. The Alexandria concern is under contract with the District to remove all oyster shells from the wharf as fast as they accumulate, and each week during the oyster season several scow loads of shells are taken to Alexandria. The lighter used in the transportation of the shells to Alexandria was brought here Thursday for the first time this season, loaded to her capacity and in tow of a tug was yesterday taken to the crushing plant, where the shells will be ground up and made into material used in poultry yards to keep chickens in good health by giving them lime in proper shape. Not only does the Alexandria plant use all the shells from the wharf, but it takes them from the shucking houses along the city to the oyster wharf for transport. Many thousands of shells are taken from this city to Alexandria each season.

Ship to Frederick and Hagerstown. 8:00 a.m. Sunday, Sept. 27, Baltimore and Ohio. Returning same day. This is the last of the season. Visit the country. Advertisement.

## RELIEF SHIP REPORTS THAT ALL ARE WELL

## Helen Scott Hay Heading Expedition Into Russia With Nurses.

The Star will receive, acknowledge and transmit to the American Red Cross contributions from the public toward the work to be undertaken by that organization in connection with the war abroad.

## Headquarters of the American Red Cross received a cablegram this morning from Helen Scott Hay, who is in charge of the nurses on the relief ship sent to the war field by the Red Cross Society, stating that all are well, and that she is heading an expedition into Russia, where it seems their services are most needed.

## Mrs. A. G. McClintock of Washington also reported to the Red Cross headquarters today on the work that is being done here by a number of prominent Washington women who are known as the Volunteer Helpers and who have been making and collecting useful articles of clothing for the hospital service, such as bathrobes, pajamas, etc.

## Cash Needed for Further Work.

Of the \$235,000 the American Red Cross has received to date for its relief fund, expenditures and obligations already incurred total \$230,000, it was announced today.

## "It is apparent, therefore," declares a Red Cross official, "that the society will be able to accomplish little more than already undertaken unless a larger amount of additional contributions are received."

## The first relief expedition to Europe cost \$200,000; \$40,000 used to purchase hospital and surgical equipment and supplies, and \$40,000 given European Red Cross societies.

## It has been figured that the cost of sending a surgeon or nurse to Europe for a period of six months' service and return to the United States, including travel, is approximately \$1,000.

## The statement issued by the Red Cross follows:

## Statement Showing Operations.

"In order that the public may be kept fully informed of the war relief operations of the Red Cross, the following statement has been prepared, showing approximately the expenditures and obligations already incurred, and the amount of contributions received."

## "Transportation of 171 surgeons and nurses from their homes to New York, by sea to Europe, by land from ports of embarkation to destinations in England, France, Germany, Austria, Russia and Serbia; outfits of uniforms and personal effects, \$240,000."

## "Purchase of hospital and surgical equipment and supplies, \$40,000."

## "Special hospital and surgical equipment and supplies, \$20,000."

## "Approximate total of expenditures already made and obligations incurred, \$230,000."

## "Total receipts to date for war relief fund, about \$235,000."
